**Registration for all events, all divisions is online only.**

**Deadline to Register is Sept. 30<sup>th</sup>**

## **REGISTER NOW**

*If you need more information or have questions on the registration process, see FAQs below.*

### **OktoberFAST Competitor Registration FAQs**

**How do I Register?** – Due to COVID-19 Restrictions, registration will be **ONLINE ONLY**. Registration will be from **Monday, Sept. 14<sup>th</sup> – Wednesday, Sept. 30<sup>th</sup>**. Pit booths will not be open for pit pass purchases at any of the events. [Online Registration Link](#)

**How will the Process work?** – First, you must have a current 2020 DIRTcar Membership number to go through the steps. If you do not yet have a 2020 membership, please visit [dirtcarmembers.com](http://dirtcarmembers.com) to update your membership. Once you have done so, you can complete your registration; it's a simple step-by-step process (similar to Super DIRT Week last year).

**Can I run all or some nights?** – Yes, you can run all, some or even just one for your particular division. When you go through the process you will be able to pick the track(s) that you want to run. **\*Note:** If you plan on having a different number of people with you at each event, just purchase the core (smallest for any given day) amount with your registration (minimum of three), and you'll be able to purchase additional pit passes via the [ADDITIONAL PIT PASSES form](#) (maximum of 10 total).

**How will I register if I'm running more than one division?** – You will need to complete a separate registration for each division. Register for your first car (ie. Big Block), and then once you are finished you will go through the same process to register for the other division (ie. 358 Modified). **REMEMBER** – You will need to purchase a minimum of three (3) Pit Passes with any division, so if you have seven (7) crew members total between the two cars, register three (3) with one division and four (4) with the other. Please plan accordingly.

**I registered, but I forgot someone. Can I go back in and add a pit pass?** – Yes, you can use the [ADDITIONAL PIT PASSES form](#) to add extra passe(s) in case you forgot someone. Please remember that your total Pit Pass count is still capped at 10 total per team. If you try to go around this and purchase more than 10, you will be refunded and only 10 admitted.

**If an event is rained out, will I get a refund?** – Yes, once the week is over, if there are any event cancellations due to weather, we will forward the info on how to get a refund or refund will be processed automatically.

- When the caution is displayed, get into single-file order, you will be signaled over the one-way radio when it is time to go double-file and/or restart single file.
- If the Caution Flag is displayed and you enter the pit, you will not lose a lap in the pits under that caution period UNTIL another Green flag is displayed AND a Green Flag lap is then scored completed. You may also lose a lap on the racetrack under green flag conditions
- If at any time the red flag is displayed and competitors are signaled to stop due to a red flag condition, cars must come to a complete stop. After the field is stopped and is under control of the pace car, DIRTcar Officials, will instruct any vehicle not involved in the red flag incident that needs to pit for service, to pull up to the pace car prior to being released to the pit area on the one-way radio. Any car that pits during the red flag period will be required to restart at the tail of the field in their respective position. If any car heads to the pits without following the instructing over the one-way radio, a 1-lap penalty may be issued.
- One-way radios are mandatory – two-way radios will not be permitted.
- It is mandatory to have the following decals on the car (DIRTcar, VP Racing Fuels and Hoosier).
- Immediately following the conclusion of the event, the first-place car needs to go to the scale first, then we need second and third to the scales and to victory lane.
- If at any time you intentionally stop on the racetrack to cause a caution and pull to the pits and change a tire that was not flat, you will be penalized one lap.
- World Racing Group, Super DIRTcar and/or DIRTcar Officials reserve the right to alter the rules of this and/or any event, provided the competitors are given notice (in advance and/or over the one-way radio) due to any circumstance that require such a change or alteration.
